SECTION 1 – FUNDAMENTAL AND DEFINITIONS

Categories	1.01 Purpose and Use																														
**	1.01.1 The purpose of the Offshore Special Regulations (<u>OSR</u>) is to establish uniform minimum equipment, accommodation and training standards for monohull and multihull (excluding proa [asymmetrical catamaran]) boats racing offshore.																														
**	1.01.2 The <u>OSR</u> do not replace, but supplement, the requirements of governmental authority, Classification Society certification, the Racing Rules of Sailing (<u>RRS</u>), Equipment Rules of Sailing (ERS), class rules and rating systems.																														
**	1.01.3 Use of the <u>OSR</u> does not guarantee total safety of the boat and her crew. Particular attention is drawn to the description of <u>OSR</u> for inshore racing which includes that adequate shelter and or effective rescue is available all along the course. This is not included in more onerous <u>OSR</u> categories.																														
**	1.02 Responsibility of Person in Charge																														
**	<u>1.02.1</u> Under <u>RRS 3</u> the responsibility for a boat’s decision to participate in a race or continue racing is hers alone. The safety of a boat and her crew is the sole and inescapable responsibility of the <i>person in charge</i> who shall do his best to ensure that the boat is fully found, thoroughly seaworthy and manned by an experienced and appropriately trained crew who are physically fit to face all weather. The <i>person in charge</i> shall also assign a person to take over his responsibilities in the event of his incapacitation.																														
**	<u>1.02.2</u> Neither the establishment of the <u>OSR</u>, nor their use by <i>organising authorities</i>, nor the inspection of a boat under the <u>OSR</u> in any way limits or reduces the complete and unlimited responsibility of the <i>person in charge</i>.																														
**	1.02.3 By participating in a race conducted under the <u>OSR</u> , the <i>person in charge</i> , each competitor and boat owner agrees to reasonably cooperate with the <i>organising authority</i> and World Sailing in the development of an independent incident report as specified in <u>OSR 2.02</u> .
